THE COVER DRAWING

Although the cover refers to the time of Christmas and "Happy New Year," the actual UFO portrays a scene or sighting at Papua, New Guinea. In her book "Flying Saucers" Coral Lorenzen, co-founder of the Aerial Phenomena Research Organization (3910 East Kleindale Road, Tucson, Arizona) describes the three UFOS seen by Father William Booth Gill and other observers at New Guinea. The date was Saturday, June 27, 1959, and a large object accompanied by two smaller objects hovered over the beach.

On the large craft two of the figures seemed to be bending over or adjusting some instruments, and there were a total of four figures atop the UFO. Father Gill raised his arm and waved and the humanoids returned the wave. At this time, others began to wave and exchange greetings with the humanoids. Eric Kodaware directed a series of long flashes from a torch, and the UFO waved back and forth in greeting.

A blue spotlight shone upwards from the object into the twilight sky. The two other UFOS remained stationary. Similar disks appeared over Boianai, New Guinea, the day before, and humanoids appeared on top. Thirty eight witnesses recorded these dramatic sightings, and the 8 page report by Father Gill was sent to Melbourne, Australia, and thence to the United States. Peter Norris of Melbourne considered the Gill series of sightings to be one of the most important ever recorded. There can be no doubt that they saw material objects and the four humanoids were real beings -- of some kind. It is interesting to note, too, that many UFOS reportedly exhibit such colored lights as red, white, and blue -- The American Flag Colors and red and green The Christmas Colors.....

Russians Probing Reports of UFO'S - Moscow (AP) The Soviet government has set up a special commission to investigate reports in this country of unidentified flying objects, informed sources reported Saturday. The commission was described as under the direction of Gen. Anatoll Stolyerov of the Soviet Air Force, with an office in Moscow.

Cinnaminson, N.J. Sept. 28- Mr. Michael Campione, Director of Unit 19, AFSCA, was recently interview by the Camden Courier-Post, and revealed these details of recent UFO events.....
...Reports that onone cool clear fall night a West Berlin Woman saw a clearly outlined object traveling westward with great speed.
... "It looked like a long white light with a reddish tail. Obtaining a pair of binoculars, she found that the light was made up of 10 perfectly-formed Vs attached to each other at the top, thusly: VVVVVVVVVV.....On an August evening in 1966, a Charles W. and his friend George were driving on the Dutchtown Road near Lions lake in West Berlin when they observed a red flare-like light in the sky. After a few minutes of driving, they came upon another car, the occupants of which were also looking at the light. The four observed the burning object, which seemed to be less than 100 feet from the ground....

CONTINUED.

The object seemed to be about the size of a basketball at first, but it diminished as the flames subsided until it was the size of a baseball. Then the light disappeared and the object was dark and motionless in the sky. SUDDENLY THE OBJECT EJECTED FROM IT'S BOTTOM A STREAM OF FLAMING MATERIAL WHICH FELL TO THE EARTH! When the two men approached the material, they detected an odor of sulphuric acid. George picked up a fistful of the material. It was not hot, although he thought it should have been. The material is still under analysis.

UFO'S Appear at New Age Convention! .. In June of this year, a Contactee (Elain Chambers) received word the Brothers would appear over the convention area during the convention. On July 18, a letter was sent out from the City of Light Center to all speakers and persons working on this Convention stating this fact. On Saturday, Sept. 2, during Mr. Robert Short's lecture, the Brothers began to appear over the area. Pictures were taken and after the lecture, more people went out to view and snap pictures..... The Polaroid shots were on display almost immediately, at the City of Light booth. The first pictures were taken by Shirley and Don Romero. This was their first UFO Convention and their first sighting..... Many of the pictures show formation (line) and (V) while many show the force fields with the ships.....SOURCE: The Luminator - Address: 1 18th. Avenue, San Francisco, Cal.

Hialeah, Florida - Sept. 30 - A youngster, who lives not far from the Opalocka airport, was lying in bed when a brilliant light appeared out her window. "I saw a white oblong light that was very, very bright. It went out by the field behind our house." "It didn't make any noise. It was high up in the sky and it looked like the size of a coffee pot." The girl's mother usually peeks in on her daughter about an hour after she's gone to bed to turn off the radio. The mother said she was surprised to find that her daughter was still awake when she walked in that Saturday night. "She told me what she saw and I told her it was probably a dream," said the mother. But when she read in the HOME NEWS about Eugene Martin in Miami Springs sighting something shortly after midnight that same night, she thought perhaps Martin and her daughter had seen the same thing --- whatever it was. Martin said the thing he saw was an illuminated object about the size of a house clock. He said it made no noise, but that it threw off a mass of spark-like matter. "At first I thought it was a comet," Martin said, "but before it came over my house, this object lost all its bright illumination and appeared to be a blue-gray, semi-sphere revolving as it floated. Both persons said the object moved in the direction of the Opalocka Airport.....CREDIT: Mr. A. K. Breast - Address given -

Bronx, New York - Oct. 4 - (Personal Report) "We were laying on the grass talking when I saw a rectangle shaped cloud light up and suddenly 3 bright orange objects appeared. It had an outer ring which was a little darker in color. When we were leaving the park the people around there said that this sort of happens a lot."

Longmeadow, Mass. Oct. 16, 1967 - The appearance of a UFO in the sky over Longmeadow late Friday night removed several skeptic from those inclined to discredit the phenomena in the past. In this case four Longmeadow patrolmen and a local resident were won over by the spectacle. Patrolman William, G. Athas, Jr. was on duty at about 11:30 PM with Calvin Spencer, auxiliary patrolman, with him in the cruiser when their attention was drawn to a car stopped on Longmeadow Street near the north end of the green. When the cruiser investigated, the motorist pointed excitedly to the sky and "there it was, a triangular red object in the sky," Patrolman Athas said Saturday. It was no kidding - the real thing, I never have believed it before.".....Patrolman Dorman estimated that the object was at an altitude of about 10,000 feet. It moved slowly west from the green over the residence of Wilber F. Young, Jr. Meanwhile the radio report had been monitored by Bernard Hutchinson, custodian at the town services yard on Ponside Rd. He reported that he saw the UFO clearly over the town yard and at that point it suddenly vanished.

Calgary, Canada - Oct. 16 (CP) A spokesman says the RCAF may send a helicopter to look for whatever-it-is that fell out of whatever-it-was in July. Whatever-it-was was seen by 3 prospectors near Nanton, Alta. and was photographed by one, Warren Smith, 27, of Calgary. Sqdn. Ldr. E. B. Chase of Calgary says Mr. Smith's photo is the best one yet of an unidentified flying object in the RCAF files. And he said he had other reports of UFOs in the Calgary area last week and "they have the ring of authenticity.".....

Oct. 17, - Los Angeles, Calif. - "Brilliant UFO Seen Across Los Angeles Area". A UFO brightening southern California skies today was described by the curious and also police officers as a "brilliantly bright object that flickered like a diamond." It was observed by citizens in the Buena Park area, who told police that the object, escorted by what was believed to be two satellites, was moving swiftly in an easterly direction..... This new report supplements the UFO Photo taken by the Los Angeles Police helicopter at 4,000 ft. on about Oct. 7, of this year. Two other objects were reported at 10,000 ft. up. Photo shown in Herald-Examiner newspaper. Thus, the two reports were about 10 days between....CREDIT: Mr. Kenneth Larson - Director - Saucer Scoop Branch Office -5630 Sawtelle Blvd. Culver City, California.....

ENGLISH REPORTS - (Courtesy of Mr. William Hoffman - Saucer Scoop's new Director of our English Photo Lab. We wish to take this opportunity to say "welcome" formally, to Mr. Hoffman)

"In September of this year two police officers saw a UFO in my part of the country. Constable Keith Read was on patrol in the town of Blackburn (on foot) when he looked up and there it was. So as to make sure his eyes were not deceiving him he called a colleague PC Norman Robinson... "I observed a bright object in the sky traveling at a very high speed in a Northeasterly direction, it was a bright orange-colored object." "At intervals, a white halo of light could be seen above the object.".... A police spokesman at Blackburn said that the previous night two civilians had reported seeing two ufos in the sky.....On 24/10/67 two police officers in a patrol car in southern England told how a glowing object seemed to lead their patrol car in a fantastic game of tag. Constable Roger Willey who was driving the patrol car said: "It was star-shape. It was hovering about tree-top level over wooded countryside at Brandis Corner, near Holsworth Devon". "The time was about 4:10 AM. The other policeman Cliffford Waycott said: "I have never seen anything like it." The chase ended at Okehampton, Devon, where two other policemen saw the object before it disappeared from sight. The officers had followed the object for about 30 miles, and had it in view off and on for fifty minutes. The UFO was said to be star-shaped or like a cross with the alternate arms shorter.".....

OCALA, FLORIDA - OCT.26- (Actual date of sighting) - A giant white object that "glowed like a thousand candles" was spotted in the sky near here by a Florida Highway patrol trooper. "I was afraid people would think I was crazy," Trooper B. J. Futch told UPI, "so I drove into the little town of Belleview and pointed it out to some other men who saw it too." "It never got close enough to really frighten me," Futch said, "But I do think it actually followed me." Futch said he spotted the big blob in the pre-dawn sky at about 5:15 AM as he made his rounds. "It would hover and move about quickly and it seemed to be about 500 ft. from the ground. But I can't describe the shape of it. It was just a giant, glowing, blob." The trooper said that the object seemed to get as close as a half-mile to a mile from him at one point.....

NOV. 5 - BELLEVIEW, FLA. Belleview, where politics are hot and city council meetings are often anything but common, has had another unusual event to report. UFO'S have been spotted near the community for the second time in less than two weeks. Still, there is no explanation. Deputy Sheriff Jim Chambliss was called to the scene after several adults witnessed the strange flight of an object that at times appeared to stand still in the sky and at other times appeared to streak across the horizon. Chambliss said the object, gave off white, yellow and orange lights at different times, and stayed in the area for 5 to 10 minutes.....CREDIT: Mrs. Eula Lewis Saucer Scoop Special Investigator Brooksville, Florida....

FLORIDA REPORTS -- Mrs. Eula Lewis and her husband, Ralph, were followed down State Road 50 near Brooksville on the Same Sunday that the object was reported in Belleview. The Lewis's description matches that of the Belleview police. Time of the Brooksville chase: 8:05 PM.....Many additional reports have been received at this office of more car shares. In Bushnell, Florida, (near Brooksville) a couple reported a UFO with the same type of description following their car. A few weeks earlier a Florida Highway Patrolman reported his car was 'buzzed' by a UFO on a highway near that town. Also on Interstate 4 during the same period of time. All within the past few weeks many, many reports have flooded the Tampa area - with the usual 'follow-up' by the Air Force with the same lame explanations. Which no one I talked to believes... Including the people who were making the reports!.....

GEORGIA REPORTS Georgia has been the scene of the same type of sightings that have been crowding Florida cars off the road..... On Oct. 22 reports were filed in 11 different towns - from such scattered locations as Milledgeville, Greenville, Newman, Talbottom, Fayetteville and Taylor County. State Patrolman Jerry Goldin said he was the first to spot the UFO - one ice blue and the other a yellow rectangle-shaped object with a red side about 100 yards off the tops of the trees. The blue one was about a mile high. Newman Patrolman Dale Spradlin said he chased a ball of light ---- 8 inches in diameter for about 8 miles down a road just outside Newman. "It was a good distance in front of us pulling away, so we turned around to come back to town," said Spradlin. He added that the object was traveling above tree-top level. It turned on us and followed, he said, it was going and gaining on us and was going about 75 miles per hour." After the object caught up with him, it pulled into the sky, emitting a beam of bluish light that illuminated the roadway, the officer said..... The newspaper shortly after that released the 'explanation' that this object was a weather balloon. Although earlier reports had discounted that as a possible explanation.....(ScoopNote: Show me a weather balloon that will chase a police car for 8 miles - doing 75 MPH - not to mention the fact that it was reported to be 8 inches big!)

Oct. 18 - Franklin, New Jersey - Red and green moving lights were reportedly seen gliding across the sky in the East Millstone area "I saw them, and nothing will convince me that it was my imagination," said Somerset County Park Patrolman Edward Harabin. "I didn't see little men, or rays or flying saucers, but the lights weren't my imagination." Harabin said he observed the lights for almost an hour and though at times they were no more than 200 ft. above him - they made no noise. Franklin Patrolman Bognar, called to the scene, said he also saw objects at some distance away..... SCOOPNOTE: Because of the numerous reports received this month please forgive us if YOUR report did not get in... It will..... next month! We have prior commitments and limited space!

SCOOP SPECIAL INTERVIEW --- By SCOOP Reporter "Jeep" Wilkenvich -

A few months ago Scoop carried the story of a Mr. Gabriel Kozora, who was aiming a Polaroid camera toward his 11 year old son, in the front yard of his rural home. When Kozora heard the whirr of a spaceship, he trained his camera on it and got two exposures..... Our Special Reporter, "Jeep", was able to obtain this personal interview with Mr. Kozora.

" I finally got to talk to Mr. Kozora and also to view the two photos he had taken of the flying object. This took place several weeks ago and indicates his reluctance to talk - or even to show his photos. The photos are very sharp and clear and under a magnifying glass it is something to behold!

The photos are $3\frac{1}{2}$ inches wide and 4 inches long and the size of the object in comparison to the size of the photo would be in comparison to a dime. The PORTHOLES are very precise and distinct and definitely of a metallic structure with no visible rivets along the sides or the belly of the object. " It seems to be of one piece of highly polished metal with no spin to it or any turrets turning on it." This last sentence is a quote from Mr. Kozora.

Mr. Kozora has stated that the U.S.A.F. spent more time examining his camera than the photos and he seems to be puzzled by this. He has also stated to me that several magazines have approached him in securing the rights to publish the photos, but so far he has declined the offers because he said he never wants to have that nightmare again facing investigators both military and civilian and right now he wants no part of any more of this harrassment. (the thrill seekers and the circus that goes along with all this)

HE HAS CONFIDED IN ME THAT HE HAS SEEN THE OBJECT AGAIN on several more occasions and he also told me in the future he will tell me a few more things that happened. To be truthful with him, I showed him the article I sent you (JW) for publication, and he understood after I explained your position and also showed him the book (Flying Saucers are Hostile - Brad Steiger and Joan Whritenour - AWARD books) He was more at ease."

I will say that my area is rich in Saucer-lore. Within a 50 mile radius are many sightings and authentic photos of ufo's. The radius that I mentioned appears in the Dell Publications Oct. issue of "Flying Saucers - UFO Reports - under the article "Into the Middle of Hell" on page 38, which shows a map so precisely of the area of which I speak."

SCOOPNOTE: We wish to thank Mr. "Jeep" for sending us his interview and commend him for his fine actions on behalf of serious researchers. ADDRESS: 1238 State Street - New Castle, Pa. 16101

ICARUS - PRELUDE TO DOOM

(Last part of a series of article on the asteroid ICARUS. We have received many many letters requesting the last part of the article by DIOPHANTES - Published by UNIVERSARIUM FOUNDATION - 3620 SE 84th. Portland, Oregon.)

ICARUS will NOT plunge headlong like a giant meteor into the Earth's crust, but instead will be ground into fine dust thru the interplay of magnetic forces. ICARUS itself, has a weak magnetic field, with just enough power to hold it together. If this power were altered, ICARUS would dissolve into dust or collapse into a tight dense hot ball. The magnetic pressure of the Earth's vortex will lower the pressure binding ICARUS on the side facing Earth. Therefore, the forces that hold ICARUS together would be diminished, resulting in the literal evaporation of ICARUS into choking, blinding dust..... WE EXPECT THIS TO HAPPEN IN YOUR YEAR OF 1968 !.....

Many millions will die during this time. We expect to rescue about one tenth of the population of the Earth before conditions become impossible for the inhabitants to survive. We also expect that not more than one tenth of the remaining population will come thru the collision. Therefore, the people who will be left on Earth for the coming fires are the worst of mankind. These alone will remain to burn.

We have a definite way of determining who will be taken by saucers, who will perish during the collision of ICARUS and who will not be permitted to die and must go thru the fires of the cleansing. Those who are to be lifted will be attracted by the Saucers; those who are to remain will be repelled. This is determined by the Spiritual evolvement of the Soul. This attraction is also a matter of MAGNETIC FREQUENCY, and those Souls who are evolved to a STATE of HARMONY with the saucers will be attracted by them. Those rejected by the saucers must remain thru the shakeup to follow. The most evil and least evolved Souls will come thru the shakeup and they must face the fires and the SUPER-INSECTS. After the crash of ICARUS, there will come a time of NO DEATH, when the remainder of the human race will struggle to get order out of chaos. It is indicated that Earth scientists will try to destroy ICARUS with nuclear weapons our computers show that this will only make things worse, for Icarus will be ground to dust anyway and if in smaller pieces does not matter. However - the detonation of a nuclear weapon of sufficient size would only accentuate an already disrupted condition, so the effect would be much worse. In any event, what will occur is destined.....

CONTINUED

However, there is one element that is not computable --- that is the free will of man, NO one knows for sure which way the human mind will turn, particularly the unenlightened mind. So there is always an element of uncertainty that must be considered....

At the collision of ICARUS and Earth's magnetic field, there will be earthquakes, the weather will become unstable, continents now buried under water will rise as in former times, but will be much larger now because the Earth has grown in size since then. Most populated areas of Earth will be flooded and some tropical regions will be thrust into the cold polar areas of the Vortex. New Polar openings will be formed and the old ones sealed. Then when the earthquakes subside, the INSECT HORDES, disease plagues, and rodent explosions will sweep Earth and the remaining humanity.

Disease will run rampant but death will not come to those who seek it. No longer will the grain ferment or the tobacco leaf cure. The meat of animals will become rancid and make people ill. Soon the Earth will be out of liquor and tobacco and the desire for it will drive people mad. Women who use tobacco and liquor in these days and become pregnant will attract the Giant Insects. The women will have no place to hide for the insects will seek them out and remove the unborn children from them. Death will not come to the relief of their pain. There will be no comfort anywhere. The terror of the last days cannot be described by the inadequate English language. The horrible events that will befall mankind are incomprehensible to even the most sadistic of your people there, prior to the THREE DARK DAYS.

Two weeks after the THREE DARK DAYS, the hot ash residue should be down enough so that the sun will shine dimly. The remaining particles will be sharp and as the wind blows, they will cut like millions of knives. By nature, they will be small pieces of granite crystallized by the interplay of magnetic forces. Therefore, the hardest and sharpest of substances will be carried by the super-sonic winds at 1,000 miles an hour and will cut to ribbons anything that gets in the way..... I have described here briefly the conditions that will exist on Earth during and after the crash of ICARUS and the shakeup that follows. This will happen according to a set pattern. To US, this is recorded history, for this pattern has been repeated many times in the past on other planets and will be repeated in the future. Everything in this GALAXY runs according to a set pattern, whether POSITIVE with God's guidance or NEGATIVE and destructive because of the denial of Him and His Laws.

Because Earth man has chosen not the way of God but has turned to negative thinking and living, he then reaps the harvest of his own negation. THIS IS COSMIC LAW. By the Grace of God according to His Will, I have been permitted to come to you. I AM MICHAEL, Keeper of the Records on HATON.....

IS A CATAclysm FORTHCOMING? -- BY COL. HARRY F. MAY --

Is the Earth heading for a drastic changing of face, a tremendous deluge or a searing purge in the near future? This is being asked everywhere and discussed in so many circles today that an article giving you a look at the past, whether or not a pattern is developing at present and what the concensus of the predictors are saying about the future might be a help at this time to answer most of these questions.

To start out with, we must first realize that this planet of ours is alive and is likely to do many things which normally happen to almost any other entity. Anyone with as many headaches as there are in the world today is likely to have an upset stomach and consequently burp occasionally. Normal aging nearly always causes the skin to wrinkle a little, and when you are put on the wrong diet for awhile, such as with hydrogen bombs instead of aspirin tablets, then you are apt to have some boils on the skin as well as an occasional hiccup.

In the past recorded history a large percentage of both the death toll and property damage from earthquakes has been caused by the public panicking, uncontrolled fires or a lack of useful supplies of the right kind, or a combination of these. In an average year we may expect one great earthquake, ten major earthquakes, 100 destructive shocks, 1,000 damaging shakes, 10,000 strong jolts with very little or no damage and then at least 100,000 gently rocking and swaying chandelier-type ones which cover a large area.

During a ten year survey, it showed that 495 out of 500 which were recorded in the U.S., were in the state of California and of course we also have here the famous San Andreas Fault to blame most of these on. A look at a stream bed in the Carrizo Plain area west of Bakersfield shows a horizontal displacement along this fault line of some 500 feet over the past several thousand years. There is nothing happening at present that is not caused by man that is anymore outstanding than an average year in past history. However, this does not mean that the present trend is not a forerunner to a much greater and horrible disaster to come in the future.

Many of the present day prophets indicate that this last year was the starting of a general buildup of activity toward a climax now estimated to come about in March of 1969. Ten years ago, they had it set for 1962 and then 1963 and kept it moving forward as the date came and went with no sign of the action taking place. Since the geological data available to anyone who wishes it shows almost all of the slippage of the San Andreas Fault is in the horizontal direction, then it is safe to go along with the latest predictions that the only water the West Coast of California will be under will be the tidal waves caused by extreme activity.....

CONTINUED

A 60 ft. tidal wave hitting the coast at a speed of 400 MPH might wash a few windows for the public some distance inland from our present beaches. We must realize at this point that earthquakes and changing facial features of the Earth's crust are absolutely necessary in our current cycle of evolution. What a desolate swampy place this would be without the beautiful mountains, trees and rivers which we are now blessed with.

One of the most recent prophecies shows that sun spots and other storm activity on the sun would be the first indication. This would be followed by a lot of volcanic eruption along the West Coast of North or Central America and then for us to watch out in the following three months after that, as earthquakes usually follow the volcanoes. It would be nice to believe that as such a holocaust as the one now predicted would remove all Evil and negative beings from this planet and take them to some other place for future training, take all of the New Age People aloft in Flying Saucers until all the turmoil was over and then re-colonize the new and freshly washed continents like one big Garden of Eden.

When we study our present day learning in the field of physics, we find that throughout the Universe there are as many negatives as there are positives in everything from the atom to the celestial bodies themselves. It is hard to believe that we could conceive of a place with only positive beings. I'm sure that this might disrupt the Universal balance of our entire system.

However, for the benefit of all, I have formulated a plan. To continue living each day as we are now, but, get prepared just in case something big does start to happen.....

DATELINE: NEW ZEALAND

IUFOB investigator, David Archer, reports that UFO activity in the New Zealand area has been increasing lately. Although investigations are not complete and all details are not at present in at H.Q. The latest incident involves the fly-over of at least 12 ufo's. Mr. Archer reported that preliminary investigations have revealed that several of the objects in formation were disc-shaped and some "streaks" -- all flying in a V formation.....

DATELINE: BRAZIL

Brazilian IUFOD investigators are currently delving into the report of an alleged landing near Brasilia, the ultra-modern capitol of Brazil. The disc-shaped craft, reported by local inhabitants, allegedly settled to the ground two and one half miles south of the capitol and remained in this position for one hour. Eyewitness's stated that the "craft" emitted high-pitched "beep" noises.....

DATELINE: ALAMOSA, COLORADO

Contrary to "official reports" IUFOD personnel say that the strange objects that have plagued this small Colorado community are STILL in evidence. Alamosa, the scene of the recent slaughter of a horse by "persons" unknown and of several UFO sightings, is experiencing what can only be called a 'Security Clamp Down'.... Full report to appear in SAUCER SCOOP when all details are in.....

DATELINE: FRANCE

The IUFOB'S French investigator reported recently that a through investigation into the recent UFO landing in Holland is under way, and that so far, results have been encouraging. This case, which involves two young witnesses, produced another huge saucer-shaped craft that hovered and several of it's inhabitants came to the ground via an elevator suspended by a thick cable... Preliminary reports were published in Saucer Scoop earlier this year.

FLYING SAUCERS and the STRANGE! By Kurt Glemser

Many strange occurrences have happened in connection with UFO sightings and investigators. Among the best recorded are those of the three men in black, kidnappings of humans by Flying Saucers, strange deaths of ufologists, writings found beside UFO landings and "faces" on pictures. These will be discussed below...

In 1952 Albert K. Bender of Bridgeport, Conn. created the International Flying Saucer Bureau. The organization was well on its way till 1953 when Al Bender stopped the operation of IFSB explaining that he had been visited by "three men in black suits". Bender didn't release any further information till 1962 when his book "Flying Saucers and the Three Men" was published. (Read "They Knew Too Much About Flying Saucers" by Gray Barker and SAGA, Oct. 1967)

Bender has several mysterious experiences before the three men's appearance. He saw pulsating blue lights in his home and smelled a peculiar odor much like rotten eggs or burning sulphur. These men apparently frightened Bender and took him to a base under Antarctica where the three men's race extracted minerals from the sea. The three men used human disguises to hide their features which are described as those of the 'Flatwoods' monster. Only after their departure in 1960 was Bender able to tell of them. Bender is the best known of the silenced ufologists. Others who have been silenced are Jarrold, John Stuart, and Laimon Mitris.

Other strange experiences were experienced by Mr. Homer Schaefer (an ex-ufologist of Kitchener) and myself. Mr. Schaefer was downstairs in his home and distinctly heard creaking noises upstairs in 1962. The noise was at first a quick patter, like that of a small animal, such as a squirrel, on the roof. Soon the noise turned to a heavy tramp. He went upstairs to investigate. His dog barked as she always does at unfamiliar voices or people. The door of his room was closed but he remembered having left it open. He opened the door and found nothing - but his books were disturbed. These books, which he collects, are on the subject of Black Magic and flying saucers. Since all windows were locked he continued to search for the intruder but found nothing.

Early in 1967 I was alone in the house. My dog was the only other occupant in the house. I had just taken some ufo books and magazines downstairs. Suddenly, the phone rang. No body was on the line. After paging through the material I flicked on two light switches to go upstairs. One switch turned on a light outside the house and the other switch turned on the lights near the top of the stairs in the hall and near the bottom. I started to walk upstairs when the lights on the inside suddenly went out!!

CONTINUED

I had walked three of the fifteen stairs and was about to turn around, but, I looked up to the top of the stairs and saw something I will never forget for the rest of my life!

I could see the upper half of a 'human' body leaning around the edge of the wall! The lower portion was hidden from view. This 'human' body can best be described as a shadow. (I could make out few details with the help of a light in the kitchen.) The black clothing seemed to be part of the body. As it was hard to see I couldn't tell the difference. I COULDN'T MAKE OUT A FACE! I quickly turned about, went down the three stairs in one step and turned on the light. NO ONE was there anymore. Then I turned on the light for the outside. Nothing happened. I had to go out and screw in the bulb -- yet several seconds ago I had seen the same light working. My dog, who always follows orders wouldn't come upstairs with me. I went up to investigate but found nothing.

Before this experience, I with four other persons, could smell a foul odor (Feb. 28, 1967) in the house like that of burning sulphur. We first discovered the intense smell at 6:10 PM. We could still smell it at 6:22 pm all over the house.....

The Director is Kurt Glemser with Carl Nagel and Keith Vincent his assistant directors. They are setting up representatives in the U.S.A. at this time. It would be their job to send in newsclippings from local newspapers and any reports from radio or tv..... In 1968 they will have a magazine (Flying Saucers) with subscriptions at \$1.25 and 25cents per copy. Published bi-monthly..... Membership for CUFOIC will be \$1.50 and this includes a subscription and a 8 X 10 certificate for framing. That same year they will be giving out awards, and these will be given to groups or to a single person..... Please address all mail to: Mr. Kurt Glemser - Director - CUFOIC - 489 Krug St. Kitchener - Ontario, Canada..... NEW BOOK JUST RELEASED BY FAWCETT GOLD MEDAL -- BY OTTO BINDER --

"WHAT WE REALLY KNOW ABOUT FLYING SAUCERS" is an authenticated and charted compilation of dozens of UFO sightings. In it Mr. Binder also proposes what he believes to be the reasons behind the policy of secrecy and silence adopted by the U.S. Government. Also, the reasons behind the far-fetched theories thrust on the public, in the guise of "explanations", by the U.S. Air Force. This original paperback also includes dozens of photographs! Mr. Binder is an old friend of Scoop and we all wish him much happiness and future gains with his new book. All success, Otto!

"Many Convinced UFOS Busy 'Rustling' Animals" -- John A. Keel --
(Reprinted from the Orlando Sentinel)
(Credit: Mr. George Fawcett - PO Box 298 , Deland, Fla.)

A rapidly mounting mass of reports from all over the world indicates that many people are now convinced that those elusive unidentified flying objects (UFOS) are busily stealing and in dissecting dogs, cows and horses.

Irate farmers and pet-owners everywhere are confusing local law enforcement agencies with these far-out claims backed up by the dismembered carcasses of hapless animals. Strangest of all, the blood, bone marrow and certain vital organs have all been expertly removed from the bodies.

Last November, William Watson of Gallipolis, Ohio, discovered his missing German shepherd dog in the center of an isolated field. The knee-high grass around the dog's body was pressed flat in a perfect circle, 20 feet in diameter. Although there was no sight that the dog had been attacked by any "ordinary" animal, every bone in its body was crushed and there was no blood in evidence. Innumerable residents in the area had reported seeing low-flying, saucer-shaped objects shortly before the dog's carcass was found.

A few months earlier, a registered nurse living alone on a nearby farm had complained to the police and the FBI about mysterious "cattle rustlers" who were slaughtering her cows late at night. She said that she had seen strange luminous objects hovering at tree-top level above her pastures on a number of occasions. One night she glimpsed a tall male figure dressed in white coveralls in her field. She ran out with a shotgun and the figure left hurriedly, leaping over a tall fence with astounding ease. The cow carcasses had been expertly butchered in part and the bodies were bloodless.

Weird reports of unearthly cattle rustlers have appeared again and again since 1897. In April of that year, Alexander Hamilton, a farmer in Le Roy, Kans., signed an affidavit swearing that he and his family had observed a huge cigar-shaped object "occupied by six of the strangest beings I ever saw" hovering over a two year old heifer in his fields. A noose was lowered around the animal's neck and it was hauled into the sky in full view of the amazed farmers. A few days later the hide of the stolen creature turned up in a field about four miles away.

On Sept. 7, 1956, three men near Twin Falls, Idaho, reported seeing a saucer-shaped object, 200 feet in diameter, settle near a luckless steer. The object took off before they could reach it. The steer was gone when it flew off, they declared.

CONTINUED

Another case was recorded on April 1, 1963, at Chileno Valley, California, when a farmer told police that a flying saucer had stampeded his herd of cattle. Aroused by the rumpus, he said he reached the scene just in time to see a group of short men in white coveralls grab a calf and haul it into the object.

Early in September, 1967, a baffled veterinarian was called upon to examine the bodies of several strangely butchered cows near Allentown, Pa. Parts of their hides had been removed, and all of their blood and bone marrow was inexplicably missing. Ordinary animals of prey were ruled out as the culprits.

It was about that same time that "Snippy", the pet horse of Mrs. Barle Lewis, was found in a similar condition near Alamosa, Colo. Flying saucers had been reported consistently in the area for over five years, according to Alamosa County Sheriff Ben Phillips. But he theorized that "snippy" was the victim of a stray lightning bolt. An anonymous pathologist from Denver examined the horse's carcass, however, and found that all of the fluid had been drained from the brain and spinal column. All of the animal's blood had also been extracted in some manner. He rejected outright the lightning theory.

Cows and horses have not been the only victims reported in these bizarre incidents. A farmer in Isola, Italy, accused - "three dwarves in metallic diving suits" of stealing several of his pet rabbits on Nov. 14, 1954. He claimed he caught the thieves red-handed near his hutches and tried to fire a rifle at them but it wouldn't go off. The dwarves gathered up his rabbits, he said, and got into a cigar-shaped machine and flew off.

In South America, a perpetual hotbed for unusual UFO tales, police officials investigating extensive flying saucer reports in Barcelos, Brazil, in Sept. 1962, learned that 17 chickens, six pigs and two cows had all vanished during a UFO wave. Several pigs also reportedly vanished from their well-protected pens at the Agricultural college in Farmingdale, L.I., this August, at a time when there were repeated power failures in the area and UFOs were allegedly appearing nightly.

During the massive wave of UFO reports in Nov. 1956, there were several well-documented cases of dognapping. A Dante, Tenn. farm boy, Everett Clark, told reporters that he saw four people get out of an oblong object on Nov. 6, 1956, and make an effort to catch his dog, Frisky. Hundreds of miles away on that same night, John Trasco of Everittstown, N.J. complained that a strange little man with frog-like eyes tried to take his dog. Trasco said he angrily ordered the creature off his property and it got into a luminous, egg-shaped craft and flew off. A new outbreak of dognapping began in Nov. 1966. Newell Partridge of Doddridge County, W. Va. testified that he saw two glowing red objects in a field near his house and that his dog Bandit "started carrying on something terrible." The dog ran out into the field. The objects vanished ... and the animal was never seen again
